

Agenda

Wednesday, May 2

Workshop

12:00 - 12:45 PM

Workshop Registration, Oceanview Suites 5-8

Workshop I

1:00 - 2:45 PM

Pricing, Borders and Gateways

Chair: Prof. William G. Waters II, Professor Emeritus, Center for Transportation Studies, SAUDER School of Business, University of British Columbia

Gateways and intermodal pricing

Achim Czerny, Berlin University of Technology, Germany

Infrastructure capacity, pricing and gateway competition

Prof. Robin Lindsey, University of Alberta, Canada

How high is the gate? A study of the border effect at five major Canadian airports

Prof. Tim Hazledine, University of Auckland, New Zealand

2:45 - 3:15 PM

Refreshment Break

Workshop II

3:15 - 5:00 PM

Port Productivity and Gateway Performance

Chair: Prof. David Gillen, Center for Transportation Studies, SAUDER School of Business, University of British Columbia

Tying it all together: The challenge of integration in and through gateways

Prof. Trevor Heaver, University of British Columbia, Canada

The role of port performance in gateway logistics - Prof. Tae Oum, University of British Columbia, Canada and Prof. Jose Tongzon, University of Tasmania, Australia

Port pricing and governance in congestible gateways and corridors

Prof. Anming Zhang, University of British Columbia, Canada

The evaluation of China's reform on aircraft landing pricing and its role to Shanghai Pudong Airport as an international gateway

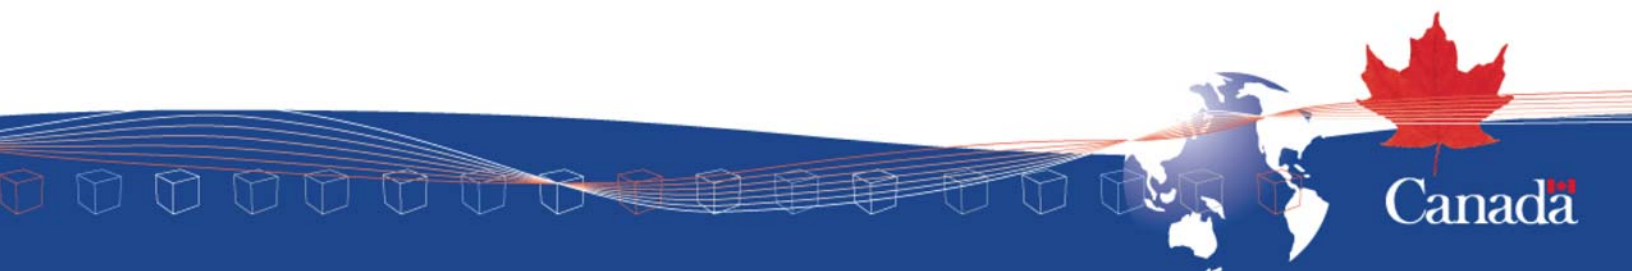

Prof. Hongmin Chen, Shanghai Jiao-Tong University, Shanghai

Reception

6:00 - 8:00 PM

**Reception at the Pan Pacific Vancouver, Cypress Suite
Conference Pre-Registration**

The presentations will be held in English. Simultaneous translation to French will be provided during the conference.

Thursday, May 3 - Conference Day 1

8:00 - 8:45 AM

Breakfast, Oceanview Suites 1-4
Conference Registration, Oceanview Foyer

9:00 AM

Conference Opening, Oceanview Suites 5-8

Chair: Prof. David Gillen, CTS Center for Transportation Studies, SAUDER School of Business, University of British Columbia, Canada

Pacific Crossroads: an introduction to issues of the Asia-Pacific Gateway
Barry Prentice, University of Manitoba, Canada

Session I

9:30 - 10:30 AM

International Experience with Gateways and Corridors

Chair: John Higginbotham, Principal Advisor Asia-Pacific Gateway and Corridor Initiative, Transport Canada

Panel Discussion with Government Representatives from the People's Republic of China, Canada and the United States

Mr. Yang Zan, Deputy Director General, Department of Waterway Transport
Ministry of Communications, People's Republic of China

Brian Bohunicky, Director General, Strategic Policy, Transport Canada, Canada

Roger Bohnert, Director of Gateway Offices, U.S. Maritime Administration (MARAD), U.S.A

Open Discussion

10:30 - 11:00 AM

Refreshment Break

Session II

Logistics and the Theory of Gateways and Corridors: What are the underlying sources of productivity and efficiencies of Gateways and Corridors in enhancing trade flows in freight and tourism?

11:00 - 12:45 PM

Chair: Dr. Paul Evans, Co-CEO Asia Pacific Foundation of Canada, Vancouver

Gateway and corridor performance: what is important?

Dr. Michael Trethewey, InterVISTAS, Canada

The changing role of gateways in the context of global value chain dynamics

Prof. Werner Delfmann, University of Cologne, Germany

Social costs of global gateway cities: the Port of New York

Prof. Joseph Berechman, City University New York, USA

Open Discussion

12:45 - 2:00 PM

Buffet Lunch

Session III

Supply Chains and Gateways and Corridors: How might trends in supply chain management and port productivity affect the gateway choice for traffic between Asia and North America?

2:00 - 3:45 PM

Chair: Gordon Houston, CEO Port of Vancouver

Assessing productivity and performance of seaports: the importance for gateways

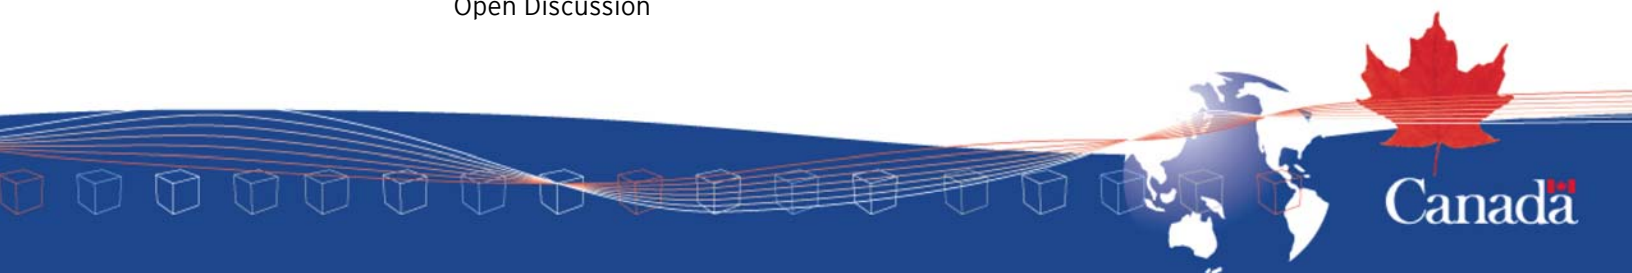

Prof. Martin Dresner, University of Maryland, USA

The development of international freight transport in Europe as a result of developments in international trade and logistics - Prof. Cees Ruijgrok, Tilburg University, The Netherlands

Investing in transport infrastructure: institutional design and efficiency

Prof. Peter Forsyth, Monash University, Australia

Open Discussion

Thursday, May 3 - Conference Day 1 (continued)

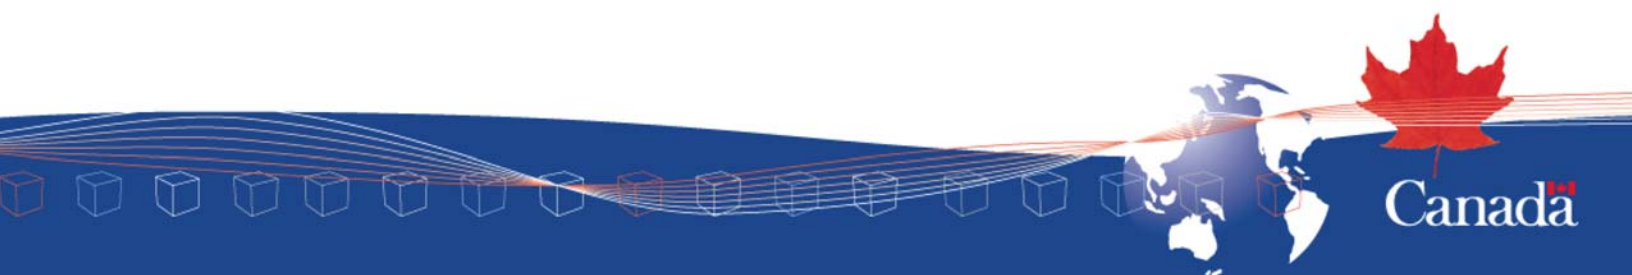

- 3:45 - 4:15 PM **Refreshment Break**
- Session IV** **Gateways and Corridors, Governance and Regulation:** How might institutions be shaped to favor the development and functioning of Gateways and Corridors?
4:15 - 6:00 PM **Chair: Pat Jacobsen, CEO Translink, Vancouver**
- Gateways and Canada's ports policy: issues and impediments**
Prof. Mary Brooks, Dalhousie University, Canada
- Can P3s contribute to the upgrade of Canada's Asia-Pacific trade infrastructure? -**
Prof. Anthony Boardman, University of British Columbia, Canada and
Prof. Aidan Vining, Simon Fraser University, Canada
- Port Policy and the Asia-Pacific Gateway and Corridor Initiative**
Ron Hirshhorn, Hirshhorn Consulting, Canada
- Open Discussion

Gala Dinner

- 7:30 PM **Gala Dinner at the Pan Pacific Vancouver, Oceanview Suites 1-4**
After-Dinner Speaker: Marc Levinson, Author of "The Box"

Friday, May 4 - Conference Day 2

- 8:00 - 8:45 AM **Breakfast, Oceanview Suites**
- 9:00 - 9:30 AM **The Asia-Pacific Gateway and Corridor Initiative**
Chair: Prof. Daniel Muzyka, Dean SAUDER School of Business, University of British Columbia
- The Honorable David Emerson, Minister of International Trade and Minister for the Pacific Gateway and the Vancouver-Whistler 2010 Olympics**
- Session V** **Security, Risk, Information Management and the Costs of Supply Chain Disruption:** What is the role of information in supporting the development of Gateways and Corridors, facilitating trade flows in the presence of border security and in efficiently allocating risk among the various parties?
9:30 - 11:15 AM **Chair: Ruth Sol, President WESTAC - Western Transportation Advisory Council, Vancouver**
- Gateways and Corridors: assessing and addressing strategic security concerns**
Margaret Purdy, University of British Columbia, Canada
- Collateral benefits of security and supply chain improvements at international gateways -** Prof. Garland Chow, University of British Columbia, Canada
- The costs of supply chain: congestion, disruption and uncertainty**
David Colledge, Colledge Transportation Consulting (CTC) Inc., Canada
- Open Discussion
- 11:15 - 11:45 AM **Refreshment Break**

Friday, May 4 - Conference Day 2 (continued)

Session VI

Land Use/Urban Planning and the Environmental Footprint of Gateways and Corridors:

What is the potential for differences of views between local priorities and national considerations when developing Gateways and Corridors with particular reference to land use planning?

11:45 - 1:00 PM

Chair: Prof. Robert Helsely, Watkinson Professor for Environmental and Land Management, Associate Dean Faculty & Research, Sauder School of Business

Marketing green logistics: environmental strategies for transportation based gateways and corridors - Prof. Claude Comtois, University of Montreal, Canada

Gateways and corridors in globalisation: planning sustainable infrastructures for transcontinental 'Spaces of Flows' - Prof. Kathy Pain, Young Foundation and Loughborough University, United Kingdom

Global logistics and local dilemmas

Prof. Peter Hall, Simon Fraser University, Canada

Open Discussion

1:00 - 2:15 PM

Buffet Lunch

Session VII

Gateways, Corridors and Competitiveness: The Maritime - Land Interface

2:15 - 4:30 PM

Chair: JoAnn Scandola, Deputy Consul General, US Consulate, Vancouver

Gateways, corridors and competitiveness: an evaluation of trans-European networks and lessons for Canada - Prof. Roger Vickerman, University of Kent, UK

Corridors and the maritime / land interface: North America and the Pacific
Prof. Jean-Paul Rodrigue, Hofstra University, USA

Competitiveness of Shanghai Port and Yangtze-River-Pacific-Ocean Gateway
Prof. Yimin Zhang, China Europe International Business School (CEIBS), China

Open Discussion

4:30 PM

Conference Summary by Prof. William Morrison, Wilfrid Laurier University, Canada

Conference Organization:

CTS - Center for Transportation Studies
